How to Make a Girl

First appearance in
Young Jump!

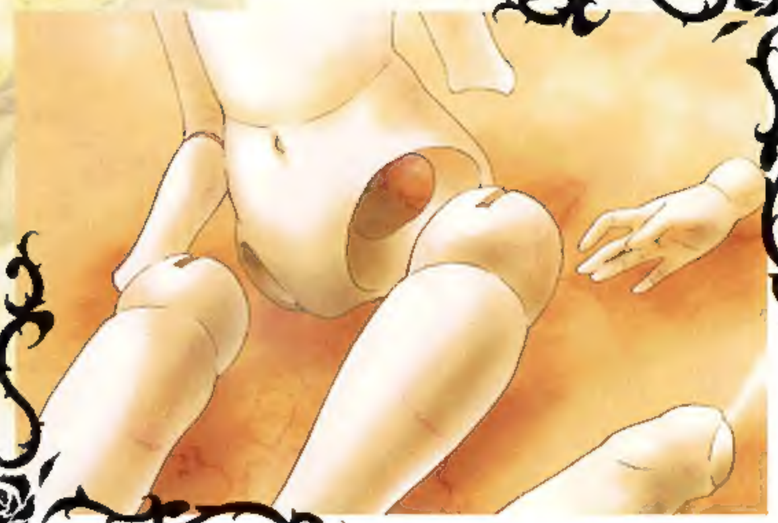
Materials



You can make an ordinary cute girl from those

"Sugar, Spice and everything nice?"

I want to make a special girl

Now, let's begin

No,no, that's not it

A velvet dress and a silk lace shall clothe her enchanting slender arms and legs

I shall even steal the song of the nightingale for her

The mystic soul, Rosa Mystica

Oh, the story will not commence without this

How to make the prettiest rose fragrance girl

Use a white porcelain cover on top of an inorganic body

A petal for the cheeks,

Use a ribbon of the night sky, do up the hair that has been spun with moonlight

Mix a spoon of star dust into the glass eyes

Now, here's the wonderful girl

Packed in a briefcase. Wherever you go,

she shall be with you

Which way is your destination?

The forbidden door is now opening...
